

Thunnus UK: The first year the first year of research on Atlantic bluefin tuna off southwest UK

Welcome

Welcome

- Thank-you to everyone who has contributed this year, however big or small.
- This is an evening to share the preliminary results of the first year of the “Thunnus UK” project.
 - Sightings, bycatch & strandings.
 - Satellite tagging.
 - Plans for this year.
- It is also an opportunity to ask questions about the project.
- If you’d rather ask via email, please do -> bluefin@exeter.ac.uk
